Consultancy Services for Photo Documentation and Live Online Broadcast Services for the 7th PhilHealth STUDIES Forum

I. General Background

The Philippine Council for Health Research and Development and the Philippine Health Insurance Corporation (PhilHealth) have an ongoing partnership called the PhilHealth STUDIES (Supporting the Thrust for UHC through Data, Information, and Knowledge-Exchange Systems) which provides funding for R&D projects and other related activities that serves the PhilHealth Research Agenda. Research dissemination is a crucial component of this partnership and is mainly achieved through research presentation events, publication of policy notes, journal articles, and IEC materials.

For the past six years, the Council has organized the PhilHealth STUDIES Forum for the Philippine Health Insurance Corporation. It was first launched in 2017 to disseminate the results and recommendations of studies commissioned by PhilHealth. Since then, the Forum convenes annually every November to serve as a platform for communicating research results, advocating change, and highlighting achievements in health research.

The 7th PhilHealth STUDIES Forum theme of “Towards a Healthier Nation: PhilHealth’s Contribution to Universal Health Care Through Sustainable Financing” emphasizes PhilHealth’s commitment to building a healthcare system that ensures, equitable, accessible, and quality health services for all Filipinos.

The Forum will utilize a hybrid event format. The event will be a one-day plenary session and will be held on-site at the Philippine International Convention Center (PICC), Pasay City and participants may attend in-person with a maximum of 200 attendees or virtually through a live broadcast.

Thus, DOST-PCHRD is seeking a service provider that can facilitate the live broadcast of the onsite proceedings and document the one-day event through pictures from the photographer.
